ASSEMBLYWOMAN AILEEN GUNTHER ANNOUNCES THE APPROVAL TO TWO KEY GRANTS

Assemblywoman Aileen Gunther announced today that the New York State Division of Budget's Public Authorities Control Board has approved two key grants in Sullivan and Orange Counties that will help area businesses. After much advocacy by the Assemblywoman these grants have come to fruition.

Kolmar Laboratories, Inc. in Port Jervis will receive a \$2,500,000.00 grant through the Upstate City-by-City program. This grant will help retain jobs, boost the local economy, and possibly provide even more employment.

The Bethel Woods Performing Arts Center, LLC in Sullivan County will be given a \$150,000.00 grant through the Upstate Regional Blueprint Fund. This will further assist in strengthening the 17B corridor, which has become vital in the Sullivan County community. This grant will also help economic development which is extremely needed in the county.

The Assemblywoman will continue to champion local businesses so more grants will come to our region to help our economy and way of life

EVERY VOTE COUNTS!

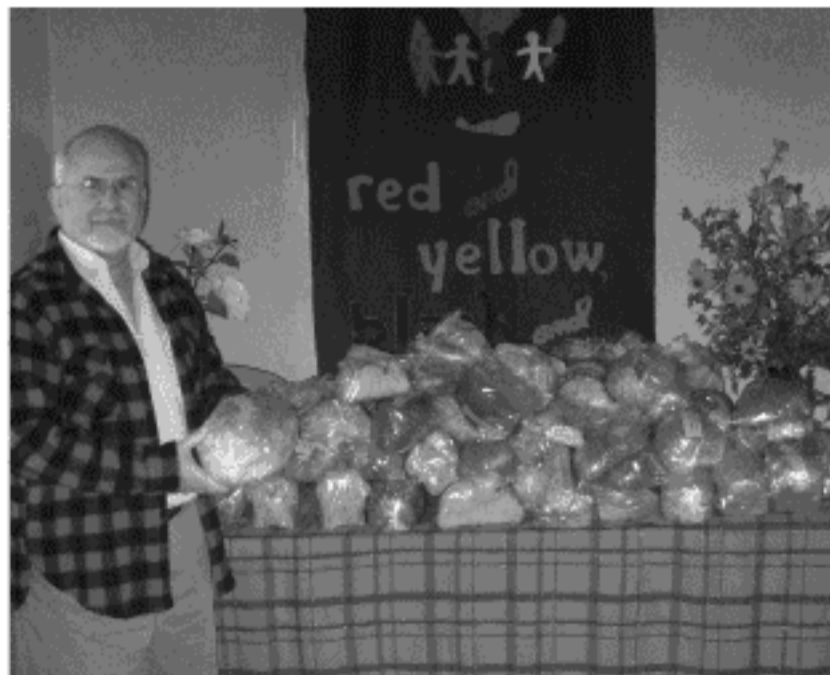

At 11:00am on Tuesday, November 2, 2010, Congressman Maurice Hinchey (D-NY) voted at the West Hurley Firehouse located at 24 Wall Street in West Hurley, NY.

Republican congressional candidate George Phillips trailed Democratic U.S. Rep. Maurice Hinchey by about 8,200 votes but up until Friday, but Phillips was still not ready to throw in the towel.

Hinchey, a nine-term incumbent Democrat from Hurley, led at the end of Election Night by a tally of 90,412 to 82,202, or 52.4 percent to 47.6 percent. Assuming 12,600 absentee ballots were cast in the race, about 10,450 — or nearly 83 percent — would have to go Phillips' way for him to win. Ulster County had received 3,146 absentee ballots from voters as of Thursday. (Contd. Pg. 2)

The SUNY Sullivan community gathered for a Town Hall meeting in the Seelig Theater Thursday, October 28 to discuss not only the incident at an Edgewood Park party a week earlier, but also to talk about campus safety and security in general.

"The recent unfortunate incident at Edgewood Park stands as a reminder that rights and responsibilities are equal partners," said Dr. Mamie Howard-Golladay, president. "None of us can have rights without taking and sharing in the responsibilities that ensure us that those rights will be maintained. (Contd. Pg. 4)

GOOD ENOUGH TO DRINK!

The CWC Stormwater/Wastewater Committee and several representatives of the Town of Olive toured the new Boiceville Wastewater Treatment Plant October 29. Mike Jonker (above), plant manager for LVDV, the company that operates the facility, explained that the effluent from 126 residences and businesses, as well as Onteora Central School, is treated to drinking water quality standards before it is discharged into the Esopus Creek. Looking on are CWC Board members Berndt Leifeld (Olive Town Supervisor) and Paul Dibbell of Hunter. The plant has been in operation since July 2. OBITUARY

Lee Hammer, 41, a flight attendant with American Airlines, departed this life on October 28, 2010 in Fort Lauderdale, FL.

Lee graduated from Tri-Valley High School in 1988 and had a great love for the school and the education he received there. He later received a degree in commercial art at SCCC. Lee's talents though, far outweighed the scope of that field.

He became a ticket agent at Stewart International Airport, going on to flight attendant school and flew with U.S. Air. He made his home in Allentown, PA.

After several years with U.S. Air, Lee moved up and on to American Airlines. He was very proud of his profession and loved making his home in Fort Lauderdale.

He is survived by his life partner, Robert Butler of Ft. Lauderdale, FL; maternal grandmother, Mary Mentnech, and his mother, Jane Hammer, both of Woodbourne; two sisters, Judi and Vickie; and a brother, Andi; his special cousins: Jodi Gerow Kanatzar, Jenni Gerow Huffman and Rick Barley; loving aunts: Alice Edelman, Judith Gerow and Anne Waring. Lee surrounded himself with special people both in New York and Florida. He is also survived by nieces, nephews, aunts, uncles and many cousins.

A memorial service was held on Saturday, November 6 at Bernie's Holiday Restaurant, Rock Hill, NY.

Interment of his ashes will be in St. Michael's Cemetery in Ulster Heights, NY.

DAYS OF YORE....

Today's History

November 8, 1950 - Sale of the old store and barn on the Reynolds estate to Oscar D. Banta has been reported. It is said that Mr. Banta plans to convert the old store building to apartments and to use the barn for lumber storage. At present Mr. Banta conducts a woodworking building in Grahamsville in the building formerly owned by Mark Slater and used in his undertaking business.

It is generally known that Daniel Pierce left the money to build a library in Grahamsville - but did you know that there is no endowment to sustain it? For this reason we have our annual Membership Drives. The membership fee is 50 cents for any person over 16 years of age. Larger contributions are most gratefully received.

Mark Slater recently donated 2 anatomical charts of the human body to the Science Dept. of the Tri Valley School.

Mrs. Emil Lepke of Ulster Heights died Wednesday evening in Veteran's Memorial Hospital. Mrs. Lepke, who was 65, had been ill seven months and at the hospital two weeks.

EVERY VOTE COUNTS (From Pg. 1)

While not all the results of the election have been confirmed, as of this writing, we do wish to congratulate all of the victors.

As many of us are aware, there were some very tight races in this election, which just goes to prove that every vote counts!

In his Gettysburg Address, Abraham Lincoln called democracy "government of the people, by the people and for the people."

It means that we are not here to serve our government, but that our government is here to serve us - and we have the right to decide who will represent us and how we want to be represented. It means that we have one of the greatest rights any free people can have: - the right to vote.

Voting is a right that throughout history many of our finest citizens have fought for and made the ultimate sacrifice to protect the right to vote.

It's a right that people continue to fight for and that millions of people throughout the world still do not enjoy. As Americans, we have the great privilege to live in a free society and voting is the right that makes us free.

Your vote holds your local and national leaders responsible for the decisions they make. Your vote sends a message about the issues you think are important. Your vote affirms our rights as free citizens to elect our government and take part in democracy.

Without voting, there could be no democracy.

If you did not exercise your right to vote this year, or know someone who choose not to vote, it is not too early to register or start thinking about the next election.

As more young people register to vote and head out to the polls, the more you will see your elected officials taking an active interest in what's important to young voters.

This is already happening and you can make a difference by registering to vote and casting your your ballot and encouraging your friends to do the same.

HERE AND THERE

A brief update on recent medical concerns for local residents: Betty McNamara underwent surgery some two weeks ago, and was released soon after. Last weekend (Oct. 30-31), she was taken back to the hospital, then transferred to Albany. This weekend we hear she is back home again and improving steadily under her husband's care. Paula Ryan has been struggling with the results of a work-related injury for several months; she is now wearing a sling on her right arm following shoulder surgery, which hopefully will set things right again. **H e r m** Probst, who says his knees "aren't what they used to be," was able to enjoy the roast pork dinner at the local Reformed Church this past weekend. Herm uses a walker to maneuver himself around, even managing the two steps into his house. Best wishes to all for improved health and pain-free days ahead!

It has been announced that, as of January 1, 2011, the Reformed Church of Woodbourne will be closed. The retirement of the current pastor, Barbara Claypool, and the declining membership appear to have caused this decision. What a shame! This elegant, lovely church has served as a religious center for several generations of local families, and a good many of our local residents received their early religious education there. What a tragic waste!

Have you noticed the new black-topped surface of Route 55 from Neversink down towards Grahamsville? It makes that portion of highway look like a speeder's delight! More than one local driver has been ticketed for speeding down that section before the shiny new paving was applied; let's see whether it entices more speeding than ever!

Special days for the first part of the month: Nov. 1 - a 24th anniversary for Bob and Beth Mickelson; Nov. 3 - a birthday for Joseph Comando, son of Editor Linda and Frank C.; Nov. 5 - Steve and Donna Conklin's daughter, Shona LaPort, celebrates. Congratulations to all!

Henry Ford's quotations always are grounded in common sense; for example:

"Asking 'Who ought to be the boss?' is like saying 'Who ought to be the tenor in the quartet?'" Obviously, the man who can sing tenor."

Don't forget the community's Veteran's Day observance on Thursday, November 11. We hope to see you all at the Rural Cemetery at 11:00 a.m., and then at the Town Hall in Grahamsville. Refreshments will be served in the Town Hall following the program.

Have a good week, everyone. (pah)

NEVERSINK NEWS - Hulda Vernooy

A Belated Happy Birthday to Claire (Knight) Smith, formerly of Grahamsville and now living in her own home in Napanoch. She was 97 on November 1st. Hope your day was perfect, Claire!

Continued get well wishes to Carl Denman of Bradley.

Have a good week and God Bless.

(Call Hulda at 985-2268 with your Neversink news.)

VETERAN'S DAY (From Pg. 1)

It will be lowered, folded with military precision, and returned to the LaDuke family. Next, a flag will be accepted from the Kortright family which will be raised in honor of brothers Earl and Albert Kortright, both of whom served in World War II.

Earl Kortright Jr. (usually called Pete) was born February 11, 1922. He joined the Marine Corps and rose to the rank of Corporal. He died while in service at age 22, as a result of an unfortunate motor vehicle accident in North Carolina. Albert Kortright, known to all as Mike, was born November 19, 1925, and joined the U.S. Navy. When he returned to civilian life, he became a construction worker. He met his death in a tragic accident during the building of the Neversink Reservoir in November of 1947.

Following the flag ceremony, the program will be moved to the steps of the Neversink Town Hall in Grahamsville, with a brief wreath-laying ceremony at the monument there. At the close of the ceremony, refreshments will be served in the Town Hall.

The public is cordially invited to attend this program. We hope you will join us as we commemorate the lives and the sacrifices of our veterans.

BREAD FOR THE JOURNEY (From Pg. 1)

Woodworth, a facilitator of the program, is working to be the church in the world, beyond the walls of the church buildings, to do new things, and to reach out to people who have not been comfortable in the settings of the traditional church, but who are interested in connection and fellowship. This new ministry outreach, *Bread for the Journey* is working to build relationships, offering opportunities for fellowship, shared meals, hope, and spiritual care.

On Wednesdays, Pastor Bob and members of the church and community gather to prepare and deliver the bread for the journey to the table of many local residents. The bread shared is generously (Next Col.)

donated by *Bread Alone* in West Shokan.

For more information on *Bread for the Journey*, please contact Susan at 985-2283, or check out the *Bread for the Journey Outreach Ministry* Facebook page.

WINTER WONDERLAND IS A GO!

When the future of the Neversink Renaissance "Winter Wonderland" came into question, several people stepped forward. Once again, our Bicentennial Park will be decorated for the holiday season with Christmas trees trimmed by local groups. One of the biggest challenges has been setting up over twenty trees to withstand the winter winds. Robert Hayes, Conservation Management Teacher at Tri-Valley has committed his conservation team to setting up the trees during the last week of November.

For the fourth consecutive year, our Christmas trees have been donated by Mancuso Tree Farm in Yeagerville. We are very grateful for their generosity.

Our Town employees have, once again, committed to delivering our trees. Lisa Garigliano, Town Clerk, will field the reservation phone calls from interested businesses, organizations, and families.

Those interested in reserving a tree should call Lisa at 985-2262 extension 307 by November 12th. Plan your theme and be prepared to decorate your tree any time from Friday December 3rd through 3:00 PM on Sunday December 5th. Groups will be responsible for bringing their own decorations, lights (of any color), and extension cords.

Our tree lighting ceremony will be held at 5:00 PM on December 5th. As usual there will be plenty of hot chocolate, hotdogs, and a warm fire to comfort the revelers. We would ask that all groups remove their decorations by January 3rd.

Once again, thanks to all who will help to make this a beautiful attraction for the holidays. Please call the Town Hall should you have additional questions.

MULTICULTURAL EVENTS AT TRI VALLEY (From Pg. 1)

The purpose of our group is to encourage tolerance within the school and community. It is our belief that encouraging tolerance will lead to less bullying within the school environment, thus making it a more comfortable and positive environment for all involved. If students learn to appreciate all types of people-regardless of their appearance or beliefs-they will be much less likely to bully someone who is considered "different" to them.

To promote tolerance, the committee would like to present cultural themes each month. We are looking for anyone to help us. We would like our students to be exposed to the music, heritage, stories, clothing, national anthem, fun facts and of course food.

If you are interested in doing this, please contact Deb Swett at dswett@tvcs.k12.ny.us or 985-2296 x7632, or Paula Gray at pgray@tvcs.k12.ny.us or 985-2296 X 5406, by Nov. 12. Thank you in advance for any assistance

Our plan is to have one cultural presentation each month in the K-4 cafeteria for our Kindergarten through grade 4 students.

Our plan for the students in grades 5-12 would be a culminating event on March 16 during our Music in Our Months program. There would be a Cultural Fair in the gym from 5:00-7:00pm for community members, parents and students to visit. The night would end with musical performances by our students from different cultures around the world.

Our multicultural themes will be:
December 8, 2010-Italian Celebration
January 12, 2011-Middle Eastern Celebration
February 2, 2011-Black History and Hispanic Celebration
March 2, 2011-Irish Celebration
April 6, 2011-Asian Celebration
May 18, 2011-Jewish American Celebration
June 8, 2011-German Celebration

If you are willing to participate and/or need more information please contact Jeffrey Bennett, Principal at 985-2296 ext 5302 or Terry James, Community Committee member at 985-0177.

CARES COMMITTEE AND TRI-VALLEY COMMUNITY NEED YOUR HELP

The CARES Committee and Tri-Valley community again need your help for Thanksgiving. The distribution is being held Monday, November 22. To date, we have 47 families needing assistance with their holiday meal. Items needed are:

Stuffing, instant potatoes, apple juice, canned peas, corn, beans, potatoes, yams, gravy, and cranberry sauce. Of course, frozen turkeys or oven-stuffer roasters are also needed. Turkeys and chickens can be left with the cafeteria kitchen in the secondary school.

Additionally, other boxed or canned items are needed to help replenish the food pantry shelves. Non-perishable items can be dropped off at the receptionist's desk in the high school, the Grahamsville Post Office, Neversink Town Hall, or the Food Pantry. Monetary donations are also gratefully accepted, with checks made out to either TVTA Cares Committee or the UMC Food Pantry.

If you or a family you know would benefit from this project, please call Mary Zanetti at 985-2296, ext. 4247, or Mary Lee Haag at 985-2455.

Thank you in advance for your continuing generosity

**THE ODD COUPLE**

By Peggy DeWire

A fine friendship that has gone on outdoors right under your nose will soon come to an end with the first killing frost. It's between the odd couple of the insect world.

Aphids and ants have been patting and hugging and carrying on as they move up and down plant stems together.

The small black pinhead size aphids suck plant sap and produce sweet clear drops of liquid called honeydew which ants feed on eagerly.

By gently tapping the aphid with its antennae, the ant encourages its friend to let down honeydew like milking a cow. In

return ants protect aphids from harmful insects like faithful shepherds guard their flocks. It's a grand relationship - one helping the other - called symbiosis in nature. An ant will carry its precious aphid in its mouth to a new food plant as gently as a cat transports her kitten.

Only outdoor ants (different from house ants attracted to greasy and sweet foods) tend aphids. Cornfield ants attach their aphids to the roots of cornstalks underground. Aboveground ants bring their aphids to the stems of plants where they suck the juices.

You can see that too many aphids weaken plants and spread virus diseases. They are serious pests of cultivated flowers and garden crops.

Aphids (family Aphididae) have an interesting and complex life cycle involving generations that are bisexual or female only, with wings or without.

Often each generation alternates food plants. It works like this: Aphids generally overwinter as eggs which hatch in the spring into wingless females that produce only live young female aphids, not eggs. Up to ten generations may pass before a generation of winged females finally appears in late summer. These winged aphids produce a generation of normal male and female babies. When adult, they mate and the females lay eggs that overwinter to start the life cycle over again.

The ants that live closely associated with aphids gather up these eggs and store them safely in underground nests until spring. Then they carry the new aphids out to a food plant and stand guard.

All summer long the ants tend their aphids, carrying them from one food plant to another.

With our odd couple here in their last remaining days together, the protector ant gently strokes his small friend who gives him honeydew as long as he lives.

**SUNY SULLIVAN COMMUNITY
COMES TOGETHER TO DISCUSS
SAFETY AND SECURITY (From Pg. 1)**

The college cares about the students involved in the incident and is concerned for the well-being of all our students and staff. "The incident at Edgewood Park did not take place on campus. And while the college has no legal jurisdiction off-campus, the college is working to ensure the safety for all SUNY Sullivan students. The college has a long history of making sure the SUNY Sullivan campus is a safe place for students, faculty/administrators/staff and visitors. To date the college:

- o has a contract with the sheriff's department where it pays for a deputy to be placed at the campus each night in addition to a peace officer;
 - o has a contract with the Fallsburg police department where it pays for an officer to patrol the campus and walk through the residence hall during the hours from 2-6 a.m.;
 - o employs security guards to assist during the day and night;
 - o employs two armed peace officers;
 - o includes safety and security tips on our web page with names and numbers of persons to call in case of a safety issue;
 - o has received a federal grant which will be matched with state funding to evaluate and update our Emergency Management Plan, including the keying and locking system in each building, using the Threat Assessment completed for both the college and Levine Hall;
 - o continues to review and update its campus security policies and procedures
- And as of Monday, November 8, the college has arranged to have a security guard posted in the Paul Gerry Fieldhouse from 6:00 to 10:00 p.m., Monday - Thursday.

According to Sam Fisher, Edgewood Park manager, he is doing his part by forbidding parties at Edgewood. He said he has hired Thursday night and weekend security. In addition, Fisher said he has installed new doors on almost all of the apartments, added additional lighting, and states he has been in contact with local law enforcement agencies.

The college will also continue to work with local police agencies, the county sheriff's department and others to ensure and, if needed, enhance safety. Providing a safe teaching and learning environment is a college priority.

"We will continue to do all that we can to ensure that the campus is as safe as possible," said Dr. Golladay.

To build on the feedback received at the Town Hall meeting, the college is in the process of creating a campus safety and security link on the SUNY Sullivan website to respond to questions and concerns.

Founded in 1962, SUNY Sullivan is a two-year community college and a unit of the State University of New York. It offers 40 associate degree and certificate programs, as well as a variety of continuing education and specialty courses, on its 405-acre campus, online and through its distance learning program.

**WHAT'S IN A NAME?
ASK THE COLLABORATIVE**

The seven-community Central Catskills Collaborative has selected "Catskill Mountains Scenic Byway" as the name for the designation it hopes to receive from New York State for the 50-mile Route 28 corridor from Hurley to Andes. A contest to create a logo for byway signage and promotional materials will be launched November 20 at the opening of Historic Route 28: The Making of a Scenic Byway. The reception will be held from 3-6 PM at the Erpf Gallery in the Catskill Center for Conservation and Development in Arkville. In addition to featuring the road's history, the exhibit will illustrate the developing byway nomination, including the work of SUNY School of Environmental Science and Forestry and the SUNY Delhi Architecture Club and Construction Technology Program. The Catskill Watershed Corporation is supporting the project's planning work, which is being coordinated by Catskill Center Regional Planner Peter Manning with guidance from the Collaborative. The designation proposal will be submitted to the State in mid-2011

VOICES FROM THE WEST COAST -- Chuck Martin

Wow, the last few weeks, in fact, the last few months of 2010 has really made this an interesting year.

Thank goodness for the internet and local publications like the Townsman that have kept me updated and close to home. California, particularly Sacramento and the bay area have been buzzing the past few weeks. First on the sports' front! By the way, I am still a New York Yankees fan, a suffering Buffalo Bills fan (realizing the Bills will play spoilers this year), Sabres, and a Kings fan in their respective sports. It has been over 50 years since California has returned as an image in baseball. Baseball fans young and old, history was made two weeks ago. The San Francisco Giants (formerly the New York Giants from 1900-1950 who played on the Polo Grounds back in the Golden Age of Baseball) won their first baseball pennant. The networks and the newspapers sported phrases such as, "Fear the beard" to "End the torture" that popped up everywhere. A saying that puts a smile on my face, is when I recall a World Series of the past. The saying was, "The Giants win the pennant! The Giants

win the pennant." I love America's pastime. It is pure passion. Sacramento felt the vibrations of San Francisco winning their first World Series in five plus decades. I certainly miss the trips to Cooperstown, NY to visit the ever-expanding Baseball Hall of Fame. By the way, the Chicago Cubs are due for another championship-- 100 years is certainly a long time!

From the Sports arena to the political arena-California experienced a bit of mud-slinging in this mid-term election. Jerry Brown will be the next Governor. By the way, I would like to extend my congratulations to this year's winners of the county and town elections in Sullivan County.

Before I sign off, my prayers and thoughts are with the servicemen and servicewomen of our armed forces. A day is coming to remember you and the sacrifices you made for this great country. From the past to the present, I thank you and will remember you for what you have done to hold our freedoms and values each and every day. "On the eleventh hour, on the eleventh day, on the eleventh month, peace was heard."

My thoughts are with all who served, the older generation and those who are serving today. More to come.....

BATHROOM HUMOR (From Pg. 1)

Bathroom Humor - the fantastically funny farce by Billy VanZandt and Jane Milmore was chosen as

one of only two full length and six (Next Col.) one act plays to be presented at the statewide festival being held the weekend of November 19th in Batavia, NY.

In order to defray the cost of taking the show (staged at the Rivoli Theatre in South Fallsburg October 1-10) to Festival, a special benefit performance of *Bathroom Humor* will be held on Wednesday, November 17, 2010 at the Sullivan County Museum in Hurleyville for a suggested donation of \$10 per ticket. Audience members will not only be treated to an award-winning show (TANYS awards to Bunny Woloszczak for Excellence in Direction, Marie DuSault, Ellen Pavloff and Heather Strauss for Excellence in Acting, Wayne Kreuzer for Meritorious Achievement in Acting) but will also have an opportunity to see the cast and crew set up the stage from a bare floor in ten minutes and strike, or remove the set in ten minutes after the curtain call (criteria for the TANYS Festival).

Bathroom Humor takes place in the bathroom of a home during a party - no one really wants to be at this party, so to escape the hosts and the planned party games, one by one, or couple by couple, they retreat to... the bathroom. Where do you go to gossip? The bathroom. For a little hanky panky? The bathroom. And what if you've just gotta go?

The production was staged during the SCDW 2010 Season for six performances, October 1-10 and features Albee Bockman, Marie DuSault, Wayne Kreuzer, Stephen Lavelle, Ellen Pavloff, Harold Tighe and Michael Washburn. Directed by Bunny Woloszczak, Heidi Woloszczak was Stage Manager, Jim Schmidt was Technical Director, Grace Strauss was Assistant Stage Manager, Lucy Smassanow was Costume Designer. Set Design by Harold Tighe, Ellen Pavloff and Heather Strauss, (Next Col.)

Scenic Design by Bunny Woloszczak.

Several other TANYS awards were won this year by the SCDW - the season opened with the comedy, *Blithe Spirit* which earned Ellen Pavloff and Marie DuSault awards for Meritorious Achievement in Acting and Jim Schmidt an award for Meritorious Achievement in Special Effects. The powerful drama, *Bent* earned awards for Matt Meinsen and Rich Hotaling for Outstanding Acting and Jim Pillmeier and Michael Herko for Excellence in Acting. *One Flew Over the Cuckoo's Nest* saw awards for Excellence in Ensemble Work for the Cast and Director and Meritorious Achievement in Costume Design for Ed Berens. *Little Shop of Horrors* received awards for Scott Eckers (Outstanding Acting), Tom Delfavero (Outstanding Vocal Performance), Crystal Tweed, Ebony Isaac and Jennifer Lemitelamy (Meritorious Achievement in Ensemble Acting) and Ed Berens (Excellence in Costume Design and Execution). *Dracula* earned an Outstanding Acting Award to Jim Pillmeier and a Meritorious Achievement in Set and Scenic Design to Matt Meinsen and the entire Set Crew and Meritorious Achievement in Overall Theatrical Production to the Cast and Crew.

Come out and support the Arts in Sullivan County, see the award-winning, fantastically funny farce *Bathroom Humor* as we send it off to Festival - Wednesday, November 17th at 7:00 pm at the Sullivan County Museum, 265 Main Street, Hurleyville. The suggested donation is \$10 per person. No advance reservations necessary - tickets will be available at the door. There is limited parking behind the museum, or you can park along Main Street - plan on arriving early for best parking! *Bathroom Humor* was produced by special arrangement with Samuel French, Inc. REMEMBERING OUR VETERANS

In 1921, an unknown World War I American soldier was buried in Arlington National Cemetery. This site, on a hillside overlooking the Potomac River and the city of Washington, became the focal point of reverence for America's veterans.

Similar ceremonies occurred earlier in England and France, where an unknown soldier was buried in each nation's highest place of honor (in England, Westminster Abbey; in France, the Arc de Triomphe). These memorial gestures all took place on November 11, giving universal recognition to the celebrated ending of World War I fighting at 11 a.m., November 11, 1918 (the 11th hour of the 11th day of the 11th month). The day became known as "Armistice Day."

Armistice Day officially received its name in America in 1926 through a Congressional resolution. It became a national holiday 12 years later by similar Congressional action. If the idealistic hope had been realized that World War I was "the War to end all wars," November 11 might still be called Armistice Day. But only a few years after the holiday was proclaimed, war broke out in Europe. Sixteen and one-half million Americans took part. Four hundred seven thousand of them died in service, more than 292,000 in battle.

Veterans Day, a federal holiday, is observed on November 11 every year in the United States. It is a day we honor the military veterans. It has also been celebrated as Armistice Day or Remembrance Day in other parts of the world. November 11th is the anniversary of the signing of the Armistice that ended World War I when the major hostilities formally ended at the 11th hour of the 11th day of the 11th month in 1918 with the German signing of the Armistice.

U.S. President Woodrow Wilson formally proclaimed Armistice Day as November 11, 1919. In proclaiming the holiday, he said, "To us in America, the reflections of Armistice Day will be filled with lots of pride in the heroism of those who died in the country's service and with gratitude for the victory, both because of the thing from which it has freed us and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations."

Seven years later on June 4, 1926 the United States Congress passed a concurrent resolution and requested President Coolidge to issue another proclamation to observe November 11 with appropriate ceremonies. An act was approved May 13, 1938, making the 11th of November in each year a legal holiday; "a day to be dedicated to the cause of world peace and to be thereafter celebrated and known as 'Armistice Day'."

In 1953, an Emporia, Kansas shoe store owner named Alfred King had the idea to expand Armistice Day to celebrate all veterans, not just those who served in World War I. King had been actively involved with the American War Dads during World War II. He began a campaign to turn Armistice Day into "All Veterans Day." The Emporia Chamber of Commerce took up the cause after determining that 90% of Emporia merchants as well as the Board of Education supported closing their doors on November 11 to honor veterans. With the help of then-U.S. Rep. Ed Rees, also from Emporia, a bill for the holiday was pushed through Congress. President Dwight Eisenhower signed it into law on May 26, 1954.

Congress amended this act on June 1, 1954, replacing "Armistice" with Veterans, and it has been known as Veterans Day since.

On Memorial Day 1958, two more unidentified American war dead were brought from overseas and interred in the plaza beside the unknown soldier of World War I. One was killed in World War II, the other in the Korean War. In 1973, a law passed providing interment of an unknown American from the Vietnam War, but none was found for several years. In 1984, an unknown serviceman from that conflict was placed alongside the others. To honor these men, symbolic of all Americans who gave their lives in all wars, an Army honor guard, The 3d U.S. Infantry (The Old Guard), keeps day and night vigil.

November 11th is a day to remember, be thankful and reflect on the sacrifices that all who have been in the Armed Forces have made to protect our right of freedom.

HOLIDAY TURKEY CRAFT

Turn a margarine tub into a turkey decoration or nut bowl for thanksgiving.

Materials:

- Clean Margarine tub
- Scissors
- White Glue or Mod-Podge Decoupage Medium
- Glue Gun or Glue Dots
- Any of the following: Brown colored construction paper, burlap, calico fabric
- Fresh preserved Autumn Leaves

How to make the bowl:

Cut the fabric or paper into pieces of vary shapes and sizes.

Apply diluted glue or Mod-Podge onto the tub with a paint brush adding fabric, burlap or paper as you go. Continue with this step until the container is completely covered. Follow with another coat of Mod-Podge.

Set it aside to dry-for a few hours or over night.

Now that your bowl is dry you can add your autumn leaves using glue dots or a hot glue gun.

Preserving your Autumn leaves

Place your autumn colored leaves between two layers of wax paper. Cover with a cloth rag. Using a warm (not too hot) iron, press down on the wax covered leaves, sealing the wax paper together with the leaf in between. Cut your leaves out, leaving a narrow margin of wax paper around the leaf edge.

Turkey Craft Bowl

Turn your Fall leaf craft into a whimsical Thanksgiving Turkey bowl to hold nuts or candy. First follow the directions for the leaf bowl above.

Keep the leaves close together so they resemble turkey feathers.

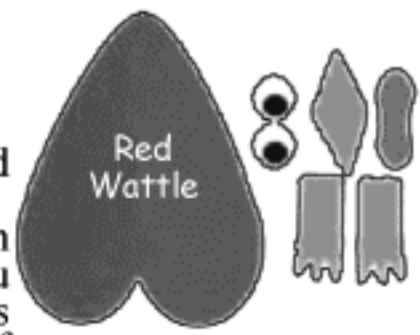

You'll need a hot glue gun or glue dots

Construction paper or craft foam sheets (brown, red orange), plastic wiggle eyes, paper or permanent markers

Cut two feet, a red wattle and a diamond that you will fold for the beak. (Enlarge pattern)

You may choose to use paper to make the eyes as well but plastic eyes make your turkey a bit more fun.

Attach all of the pieces to your turkey body and then use a hot glue gun or glue dots to attach the turkey to the front of the leaves.

LOCAL GOVERNMENT DAY VIDEO ON CWC WEBSITE (From Pg. 1)

Coombe is a library trustee and chairman of the project to construct the 23,500-square-foot addition, which includes a Children's Literacy Center and Time and the Valleys Museum. The museum will house exhibits on the history of the NYC water system, in particular the Rondout and Neversink Reservoirs and the towns that preceded them.

The new structure incorporates green energy-saving practices, including a geothermal heating and cooling system, funded in part by the CWC.

Coombe's inspiring and entertaining talk, "One Dream, Many Do-ers," explained how hundreds of people have been involved in the project, from the retired machinist who repaired the original 1898 weather vane for the top of the new cupola, to the schoolchildren who collected pennies to buy an antique-style street lamp for the parking lot, to the 50 members of the ironworkers union who donated their time to put up the building's framework.

The talk enthralled an estimated 100 people who gathered for training and panel discussions at the 10th Annual Local Government Day, whose theme this year was the power of private/public partnerships. The event was held at Catskill Mountain Foundation's Doctorow Center for the Arts, and Red Barn, in the Village of Hunter.

Mr. Coombe, as a retired Commissioner of Corrections for the State of New York, knows something about coordinating big projects. He created the first National Accreditation of all New York State prison facilities, and centralized food processing and production for 58,000 inmates. He was instrumental in expanding and enhancing the inmate community work programs. Vice President of the Mid-Hudson Insurance Company, Phil and his family own and operate a beef cattle farm in Grahamsville.

The CWC is a non-profit, local development corporation responsible for several environmental protection, economic development and education programs in the New York City Watershed West of the Hudson River. GUNTHER OPPOSES MTA FARE INCREASES

Assemblywoman Aileen Gunther (D, C - Forestburgh) restated her outrage with the inability of the Metropolitan Transportation Authority (MTA) to get its financial house in order and passing more expense onto the commuters from Orange and Sullivan Counties.

"Last week the MTA adopted their 2011 toll and fare increases," said Gunther. "Middletown commuters traveling to NYC on the Port Jervis Line will be paying 10% more per month with an annual increase of \$324. Port Jervis commuters will also be paying 10% more per month with their annual increase being \$372. This is a terrible burden on these working class families with no increased service or convenience for riders."

Last year the Legislature and Governor approved an MTA bailout to close a \$1.5 billion budget gap at the MTA. The bailout was opposed by Assemblywoman Gunther as it put an unfair burden on the businesses in Orange County in the form of a payroll tax.

"I opposed the bailout of the MTA last year with the outrageous payroll tax scheme," Gunther stated. "Now that wasn't enough money for the MTA so they come now to the commuters, working families who are struggling to survive. I will continue to demand a full MTA audit and a stop to the excessive salaries and perks like free automobiles. The workers of Orange and Sullivan Counties can not continue to survive under these increases."

DSCC CHAIRMAN ROBERT MENENDEZ CONGRATULATES KIRSTEN GILLIBRAND ON WINNING NEW YORK SENATE RACE

U.S. Senator Robert Menendez, chairman of the Democratic Senatorial Campaign Committee, released the following statement congratulating Senator Kirsten Gillibrand on winning the New York Senate race:

"Congratulations to Senator Gillibrand on her impressive victory tonight. National Republicans had a target on Senator Gillibrand from the day she entered office, but due to her strong work ethic, diligence, and focus on the issues, Senator Gillibrand's hard work paid off in a resounding victory. New Yorkers know they have two strong advocates in the U.S. Senate, who will always put the Empire State first. Senator Gillibrand has unlimited potential and I look forward to serving with her for many years to come."

NEW YORK'S COUNTIES TO STATE - GET FISCAL HOUSE IN ORDER-Enact Control Board to Address Perennial Budget Deficits

Responding to the most recent mid-year budget estimates released by the Division of the Budget, today the New York State Association of Counties (NYSAC) on behalf of the counties-the governmental partners who manage and fund State programs locally-call for the establishment of a NYS Fiscal Control Board.

This Fiscal Control Board would assume financial oversight of the State's budget process and deficit, making recommendations to establish long-term fiscal stability. It is necessary to address what has become a chronic problem for New York State citizens: the inability of State lawmakers and Governors to implement a balanced budget.

Three months after the final State Budget was enacted in August 2010, the State's spending plan is 10% out of balance. The question remains: will the current budget deficit be four times larger by the end of the fiscal year. Clearly, New York's budget process does not work and has not worked for decades.

Today, the State Comptroller reports that all State revenues will be as much as \$1 billion lower than estimates and all funds spending will be nearly \$300 million higher. In addition, the comptroller stated that significant structural gaps are projected in future fiscal years are expected to reach \$150 billion in 2012, while revenues are expected to be \$134 billion-a gap of \$16 billion.

On November 3, 2010, the Division of the Budget declared a \$340 million mid-year deficit requiring State Legislative action before the end of the year. In addition, the Division of the Budget has estimated the State has a looming \$9 billion 2011-12 State Budget deficit.

Furthermore, according to the Division of the Budget, the three year cumulative spending gap is estimated to be nearly \$41 billion.

Because of the perennial nature of State Budget deficits and mid-year fiscal gaps, it is only logical to implement a neutral panel of fiscal experts to help guide New York State through this current fiscal crisis.

Every time the State faces a cash-flow crisis, property taxpayers, community-based providers and local governments pay the price. This has gone on for too long, and we believe that a Fiscal Control Board will assist State officials with this problem

SENATOR JOHN BONACIC WINS RE-ELECTION

In a race that was attentively observed by many, State Senator John Bonacic (R) defeated David Sager (D) in last week's election. Sager, a Sullivan County Legislator brought attention to his campaign as a strong opponent of gas drilling.

Bonacic supports lower-tax and less regulations. According to financial reports, from July through October, Bonacic spent more than ten times that of Sager on the campaign for the State Senate seat.

Bonacic, the 12-year incumbent led the race in Ulster County by 54.1 percent to 45.9 percent while in Sullivan County Bonacic led with 60.55 percent to 39.45 percent.

AUERBACH ELECTED FOR A SECOND TERM

Democrat Elliott Auerbach is headed to a second term in office as Ulster County Comptroller.

Auerbach will now serve a three-year term as the county's fiscal watchdog.

The position of county comptroller was created under the county charter adopted by voters in 2006. It called for a comptroller to be elected to a two-year term in 2006, a three-year term in 2010 and four-year terms beginning in 2013.

With dramatic changes, Auerbach, has developed the comptroller's office "from the ground up" changing the former Auditing Department, that formerly approved bill payments without any verification, into an independent office with three main responsibilities: reviewing and paying claims, auditing county departments and agencies, and conducting research and analysis that is geared toward making county government more efficient.

During his first two years in office, Auerbach has brought transparency into Ulster County's government by exposing years of fraud, waste and misuse.

VAN BLARCUM WINS A SECOND TERM

Ulster County Sheriff Paul Van Blarcum, a Democrat, was re-elected as Ulster County Sheriff.

Among Van Blarcum's priorities will be to keep the Ulster Regional Gang Enforcement Narcotics Team (URGENT) up and running (Next Col.)

and reaching contract agreements with employee unions.

A number of changes have been made during the past four years including the review of contracts with service providers. He will continue to be proactive in boarding jail inmates from other counties to help generate revenue for Ulster County.

Van Blarcum feels that security in county buildings needs to improve.

TOO CLOSE TO CALL

Although it appears that in the 101st Assembly District, incumbent Kevin Cahill, D-Kingston has defeated Peter Rooney of Highland, the race was too close to call last week, according to unofficial election returns and political campaigns.

Incumbent Cahill has served in the state Assembly after his win in 2008.

The 101st Assembly District includes the city of Kingston; the Ulster County towns of Esopus, Gardiner, Hurley, Kingston, Marbletown, New Paltz, Olive, Plattekill, Rosendale, Shandaken, Ulster, Wawarsing and Woodstock; and the Northern Dutchess town of Rhinebeck.

Assemblyman Frank Skartados, D-Marlborough, was also leading the race for the 100th Assembly seat by a slim margin over Republican Tom Kirwan, a former Assemblyman whom Skartados unseated from that position two years ago.

The 100th Assembly District includes the towns of Lloyd, Marlborough, Newburgh and Shawangunk, and the cities of Newburgh, Beacon and Poughkeepsie.

In Flanders Fields

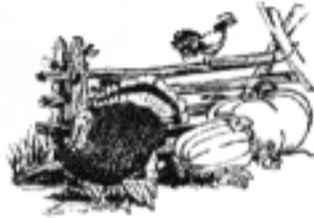

By: Lieutenant Colonel John McCrae, MD
(1872-1918)
Canadian Army

In Flanders Fields the poppies blow
Between the crosses row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

FABLE OF THE PORCUPINE -
contributed by Paul Hnatiw, Sundown, NY

It was the coldest winter ever. - Many animals died because of the cold. The porcupines, realizing the situation, decided to group together. This way they covered and protected themselves; but the quills of each one wounded their closest companions even though they gave off heat to each other. After

awhile, they decided to distance themselves one from the other and they began to die, alone and frozen. So they had to make a choice: either accept the quills of their companions or disappear from the Earth. Wisely, they decided to go back to being together. This way they learned to live with the little wounds that were caused by the close relationship with their companion, but the most important part of it, was the heat that came from the others. This way they were able to survive.

The best relationship is not the one that brings together perfect people, but the best is when each individual learns to live with the imperfections of others and can admire the other person's good qualities

Shipping packages to friends and family around the world in time for the holiday season can be as simple as taking a short trip to your computer with the tools, tips and transactions available at usps.com. Whether ordering shipping supplies, printing postage, getting information about mailing guidelines, filling out required customs forms or requesting free package pickup, the U.S. Postal Service is ready to help international shippers get a head start on the holidays.

"Shipping packages around the world can often be done without leaving your home," said Pranab Shah, managing director and vice president, Global Business. "Customers have a virtual Post Office available 24 hours a day to get their shipments prepared, paid and picked up."

Denning Dems,

Thank you to all our fellow Dems, friends, and workers that have made this election day a success here in Ulster and Sullivan Counties.

OUTSOURCING IS CAUSING THE DEATH OF THE AMERICAN DREAM - 8,000,000 jobs left this country during President G. W. Bush's administration. Look at the average yearly salaries in these other countries, especially in China, where the average yearly salary is pathetic, China - \$1,290; India; \$14,500, Japan; \$17,000 to \$50,000 (Depends on the region); Mexico - \$9,000 to \$16,000 (Depends on the region).

Outsourcing U.S. jobs is taking away from many families in the United States.

Outsourcing jobs to foreign countries can be frustrating to consumers. Foreign accents can make it difficult for callers to understand what the foreign outsource worker is saying driving some customers away to other companies that use operators and sales staff who speak clear, accent-free English.

This is only part of the danger. At some banks who had been using Indian call centers to outsource some of its workload, the workers at the call center used the information to gain access to American accounts and embezzled money from customer accounts. As it turns out, a worker in the United States holds a social security number that can be used for background checks. Outsourcing business to foreign companies eliminates the possibility for completing background checks. This makes it easy for the foreign workers to steal important account information. Unfortunately, companies are not going to stop outsourcing work until Americans stand up and fight.

Write to your local elected officials, your federal government and make yourself heard. Start boycotting companies who do outsource their business to foreign countries. To fight outsourcing, it is up to all of us, not only those at risk of losing their jobs.
